

## A Legacy of Ill-Health

How Invalids Are Made by the After-Effects of Malaria, the Grip and Other Acute Diseases.

After an attack of fever, grip or other acute disease the patient is frequently left in a condition that may mean a lifetime of misery if proper precautions are not taken to restore the blood and drive out the lingering poisons that cause the so-called "after-effects" of these diseases.

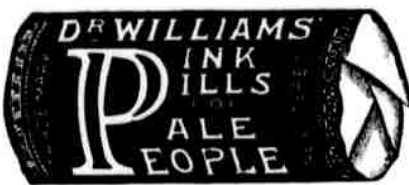

Malaria, typhoid, scarlet fever, measles, rheumatic fever, the grip or influenza, and, in some cases, severe colds, leave weakened vital powers, thin blood, impaired digestion and over-sensitive nerves—a condition that makes the system an easy prey to pneumonia, bronchitis, nervous prostration, and even consumption. Too much stress cannot be laid on the importance of strengthening the blood and nerves during convalescence.

Mrs. William Patterson, whose address is Box 23, R. F. D. No. 4, Snohomish, Wash., says: "I had an attack of the measles and was sick for over a year. I was very weak and could not get my strength back. I was so short of breath that I couldn't walk any distance at all without fainting. I had awful headaches a greater part of the time. I was nervous and run down in flesh and strength. Friends, who saw me, thought I would never get well. I was living at Everett and was treated by two doctors but they didn't do me a bit of good. Finally I had to remain in bed and the doctor said that nothing but a change of climate would help me. After being confined to bed for a month, my mother decided to give me Dr. Williams' Pink Pills. I received great help from a few boxes and grew stronger and felt better in every way. I took the pills regularly for quite a while and was completely cured."

The above statement should convince any body who has failed to regain health and strength after an acute disease that Dr. Williams' Pink Pills for Pale People deserve a trial.

A valuable booklet, "Diseases of the Blood," containing helpful information will be sent upon request.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes, \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

## CHARGES SCHOOL PRINCIPALS TAKING ROOMS FROM TEACHERS

(Special Bulletin Correspondence.)

HILLO, Sept. 25.—County Engineer Southworth returned from a trip around the island last week during which he took up a number of matters of general importance, among which was the construction of new rooms for a number of schools. In this connection Mr. Southworth was very outspoken in regard to the behavior of some of the school principals who have, according to his statement, taken advantage of their position to work hardship on the teachers under them. Mr. Southworth referred especially to a case at Hakala. In this connection he said: "I am very anxious to see Supervising Principal Horner to take up with him the matter of teachers' accommodations at Hakala. The Supervisors arranged for the building of an extra room on the teachers' cottage at that place but this has been appropriated by the principal of the school there for his own use. A young

teacher, Miss Gomes by name, who has just graduated from the Normal school in Honolulu, was supposed to use this room, but instead was placed in a little room, seven feet by eight in size, which is located in the schoolhouse and was formerly used for a cloak and hat room. "Miss Gomes was afraid to sleep in this building alone and sent for her mother from Honolulu and they are using this tiny room, which has but one window, together, doing their cooking in a little building outside. Another school room is being built as an addition to the Hakala school and I understand that the principal says that when this is finished Miss Gomes may have it. This was not built for a teacher's living room, however. The cottage in which the principal lives is plenty large enough for his family, without the additional room, as he has bedrooms, a separate dining room and kitchen. I hope that the matter will be taken up by Mr. Horner."

## THE PEACE MOVEMENT IN HAWAII

From the San Jose, Cal., Mercury.

There is a peace movement in the country where careless war-talk is so freely discouraged as in Hawaii. This is not because the Hawaiians feel that they occupy a strategic position in the event of hostilities; it is because the best sentiment there exists the distinction of being considered a strategic peace post in relation to Japan and the United States, writes Robert McTear in a current magazine, and proceeds to describe the systematic endeavors to foster the "peace" movement. This feeling has crystallized during the past two months into a modest but definite and active peace movement.

The Mid-Pacific Institute is a private school just out of Honolulu, founded several years ago by influential citizens of the Territory for the education of boys of various races. It is beautifully situated about four miles out of the city, is richly endowed, and has a well-equipped teaching force, mostly of graduates from American colleges. As a beginning of the peace movement, five free scholarships in the Institute have been offered to the five Japanese boys who write the best essays on the subject: "Friendly Relations Between Japan and America and How They May Best Be Maintained."

The scholarships include not only board and tuition, but traveling expenses to and from Japan and Hawaii and all necessary books and equipment for the course. To make this competition effective for the end in view it was necessary to interest leading Japanese educators in the plan. For this purpose, Theodore Richards, the American treasurer of the Institute, has just completed a special mission to Japan. He succeeded at the start in interesting Count Okuma, ex-Prime Minister and now president of Waseda University in Tokyo. Count Okuma made his own home a center for the work and helped Mr. Richards organize a committee made up of the best-known Japanese educators and leaders in reform work. The number of scholarships offered at present is small, but the help of distinguished educators and the eagerness of Japanese students to profit by Western education will doubtless lead to a large number of entries in the competition. Every entry will mean the creation of a little center of peace to counteract the war-talk in both countries.

## FUTURE HEAD OF PASTEUR INSTITUTE IN HONOLULU WILL ASK LEGISLATURE FOR CONTROL OF WHARVES

Head of the health department, agriculturalist in chief and slated at the end of the next two years to head the famous Pasteur Institute in Paris, Dr. Le Boner, the distinguished New Caledonian, stopping at the Young hotel, is one of the interesting figures in Honolulu at the present time. During his stay here he is studying the parasites for lantana which is causing much trouble in the French possession at the present time and he is also looking into the leprosy question. He leaves on the steamer Makura next month and will be met at Pih by a French cruiser which will take him the rest of the journey.

By proper and judicious handling of the waterfront the harbor commissioners believe that they can make the port pay and they are to ask the next Legislature to vest them with full control. Besides making the wharves a paying concern they hope to be able to get enough money in to pay the interest as well. The fees for the preference rights alone they think should amount to about \$18,000 a year and with all the other charges properly looked after and collected they think that the amount should be far in excess of this sum. The plan has been outlined previously in the Bulletin at considerable length.

## RECREATIONS

### TOM KELLY WELL LIKED AT BIJOU

Tom Kelly, the veteran vaudeville man who is appearing at the Bijou, made a big hit last night in spite of hoarseness that at times seemed to threaten to prevent his singing at all. His voice did not show to good advantage in any of his songs, but he makes a good turn out of it, mixing up Irish and United States effectively. He started off with "Where the River Shannon Flows" and interpolated some "raggy" cafe style singing with a sort of shadow dance, and ended up with "Has Anybody Here Seen Kelly?"

Vivian & Alton, the comedy acrobats, furnished a lot of laughs, their work last night being fast and furious. Some of the films were noteworthy, one in particular, showing the efforts of a girl from the stage to keep her family straight, being unusually good.

At the Empire Japanese-made moving pictures are to be featured for the rest of the week, while Brown & Robinson, the Antipodean pair, and Coffman & Carroll, singers and dancers, furnish the vaudeville.

### TERRITORY GRANTS MAUI TWO BLOCKS OF LAND

The Territory is to give the County of Maui two pieces of land when the necessary formalities have been completed. One piece is for a park at Wailuku and the other for a tuberculosis hospital to be maintained by the county in Kula.

The matter was brought to the Governor's notice during his trip to the island and now a formal request has been forwarded to him by the Supervisors.

The hospital is to be made as self-supporting as possible, farming operations being the plan intended to bring about this result.

### MRS. BECKLEY WILL GET HER MONEY AFTER ALL

Judge W. J. Robinson yesterday afternoon decided in favor of Mrs. George Beckley in the case she brought against her trustees through her next best friend, Robert W. Shingle.

The matter was taken to the Supreme Court on a reserved question of law and that body decided Mrs. Beckley was still a minor and could not sue. Accordingly Mr. Shingle came into the case with the ending as stated.

The accounts are to be filed as soon as possible.

Despatches to R. G. Dun & Co., indicate a spotted trade situation, enlarged operations in some sections being offset by a tendency toward quietness in others.

Wm. H. White, of Marlboro, Mass., 72, committed suicide by cutting his throat in a Woodshed at the home of his daughter, Mrs. T. V. Nickerson, at Exeter, N. H.

Cutting his throat with a piece of glass, Thomas Cutter committed suicide in a cell of the Barre, Vt., police station.

## The Effect OF Scott's Emulsion

on thin, pale children is almost magical. It makes them plump, rosy, and active. Scott's Emulsion contains no drug, no alcohol, nothing but the purest and best ingredients to make blood, bone and solid flesh.

AMUSEMENTS.

An Indian Picture

ORCHESTRA—Direction C. Miltner

## WOOD APPROVES SITE FOR FAIR

H. P. Wood, chairman of the Hawaiian commission to the Panama-Pacific exposition, has reached San Francisco and after an inspection of the fair site approves it, according to news that came from the Coast today.

The San Francisco Chronicle of September 21 publishes the following:

H. P. Wood, chairman of the board of commissioners of the Territory of Hawaii, who was appointed by Governor Walter F. Frear, along with John Hughes, John L. Loke, J. N. S. Williams and J. S. Wright, arrived in the city yesterday and was taken over the exposition site by Director Rudolph J. Tausig. Wood was later tendered a luncheon by Director Frank L. Brown, and was given valuable information regarding the proposed exposition. He is here for the purpose of locating the Hawaiian exhibit at the coming exposition.

He expressed himself as being in favor of the site, declaring that the selection of Harbor View and Golden Gate Park would make it possible for people to visit the fair and get an intelligent idea of the exhibits. He stated that his commission is to report its recommendations at the next session of the Legislature, and he says he feels sure that whatever the commission advises in the nature of an appropriation will be approved. He says that the Hawaiian Islands will make a splendid participation in the coming exposition, and that the people of that Territory are deeply interested in it.

He brought with him a large collection of colored photographs of the fish caught in the island waters, and hopes to arrange to have space allotted in the aquarium that is to be constructed for the exhibition of the various denizens of the deep that are found in southern waters.

**Colonel Goethals Invited.**  
President Charles C. Moore has officially invited Colonel George C. Goethals, chairman of the Isthmian Canal Commission, to be the exposition's honored guest on the occasion of the ground-breaking ceremonies.

Following is a list of the members of the President's party that will be in this city to participate in the ground-breaking ceremonies and other functions in honor of the chief executive of the nation: The President, Secretary Hilmes, Major Archibald W. Butt, U. S. A. D. C.; Dr. Thomas L. Rhoads, Wendell W. Wischler and C. C. Wagner, stenographers; Arthur Brooks and Henry L. Mickey, messengers; James Sloan Jr., Joseph E. Murphy, Richard L. Jervis and C. E. Colony, representing the Boston and Albany Railroad, and ten newspaper correspondents.
